

SV310G3 (19" 1U High IO Server)

- Perfect for HPC Requirement with 4 *NVIDIA® T4 GPU Cards
- NGC-Ready Systems Are Validated for Performance and Functionality of NGC Software
- Easy Serviceable and Hot Pluggable PCIe Sled
- Ready for Network Function Virtualization Infrastructure
- Versatile Allocation of Memory with CPU Core, with IO Expandability

Processor		2S Next Generation Intel® Xeon® Scalable Processors
DIMM		24 DDR4-2400/2666/2933 ECC DIMMs slots, RDIMM, Up to 6TB (9.2TB with mixed 12 Intel Optane)
Expansion Sled	Front	4* HHHL/LP PCIe Gen3 x16 SLED Module/Hot pluggable
	Rear	2* FHHL PCIe Gen3 x16
Power Supply		2 *1200W Redundant CRPS Power Supply
System Dimensions (mm)		1U; 436mm (W) x 790.76mm (D) x 44.5mm (H)
