#### Item 3

Proposal: Discussion of the issuance of new common shares for cash to sponsor the issuance of GDR and/or the issuance of new common shares for cash through public offering and/or the issuance of new common shares for cash through private placement and/or the issuance of new common shares for cash to sponsor the issuance of GDR through private placement.

(Proposed by the Board of Directors)

#### Explanation:

- 1. Fund raising purpose and size: For the purpose of fulfilling the funding needs of the Company to purchase overseas materials, or repay bank loans, or increase working capital, or invest oversea business, or other needs for its future development and competitiveness enhancement, it is proposed to authorize the Board of Directors to issue up to 17 million common shares, depending on the market conditions and the Company's need, to choose appropriate timing and fund raising methods in accordance with the applicable laws and regulations, according to the following fund raising method and handling principles.
- 2. Fund raising methods and handling principles:
  - (1) Issuance of new common shares for cash to sponsor issuance of GDR
    - A. In accordance with the existing provisions of the "Disciplinary Rules for Securities Underwriters Assisting Issuing Company in the Offering and Issuance of Securities issued by the Taiwan Securities Association," the issue price of the new common shares for cash capital increase for the issuance of GDR may not be lower than the closing price of the Company's common shares on the Taiwan Stock Exchange or 90% of the average closing price of the common shares of the Company in one, three, or five business days prior to the pricing date after adjustment for any distribution of stock and cash dividends or capital reduction. In case of any changes to the relevant domestic laws, the pricing method shall be adjusted accordingly. In view of the severe short-term fluctuations in domestic market price, it is proposed to authorize the Chair to determine the final issue price, within the scope of the said requirement under the Disciplinary Rules, after negotiation with the lead underwriter depending on international capital markets, domestic market price and the overall book building situations, to improve the subscription of international investors, so the pricing method should be reasonable.
    - B. Upon the limit of 17 million common shares for the issuance of GDR through the issuance of new common shares by capital increase, the original shareholders' equity will be diluted by a maximum of 9.7%. The implementation of the fundraising plan will enhance the Company's competitiveness and benefit the shareholders; the determination of the issue price of the GDRs will be based on the fair trading price of common shares formed in the domestic market. Existing shareholders may still be able to purchase common stock in domestic stock market at the price closing to the issue price of GDR without bearing the exchange risks and liquidity risks, and may take into account their interests.
    - C. Except for 10% to 15% of new common shares shall be allocated for the employees' subscription in accordance with applicable law, it is proposed for the shareholders meeting to approve that the rights to the remaining 85% to 90% of the issuance shall be waived by the shareholders and shall be offered to the public under Article 28-1 of Securities and Exchange Act as the underlying shares of GDR to be sold. It is proposed to authorize the Chairman, depending on the market needs, to allot the new common shares not subscribed by employees of the Company as underlying shares of GDR.
  - (2) Issuance of new common shares for cash in public offering
    - A. The par value of the new common shares to be issued per share is NT\$10. It is proposed to authorize the Chairman of the Company to coordinate with the underwriter(s) of the public offering to determine the actual issue price in accordance with the Taiwan Securities Association's Self-regulatory Rules Governing the Provision of Advisory Services by

Underwriter Members to Issuing Companies for Offering and Issuing Securities and the market conditions and the issue price shall be reported to, and accepted by the regulatory authority before issuance.

- B. It is proposed to authorize the Board to choose either of the following methods to sell the new shares in the public offering through the underwriter(s):
  - a. Except for 10% to 15% of the new shares must be offered to employees in accordance with Article 267, Paragraph I of the Company Act, it is proposed for the shareholders meeting to approve the pre-emptive rights to subscribe to the remaining shares to be waived by the shareholders in accordance with Article 28-1 of the Securities and Exchange Act and such remaining shares will be offered to the public via book building. It is proposed that any new common shares not subscribed by employees of the Company will be sold to the person(s) designated by the Chairman of the Company at the issue price.
  - b. Except for 10% to 15% of the new shares must be offered to employees in accordance with Article 267, Paragraph I of the Company Act, it is proposed that 10% of the new shares to be sold to the public through the underwriter(s) in accordance with Article 28-1, Paragraph 2 of the Securities and Exchange Act and the remaining shares will be subscribed to by the existing shareholders of the Company in accordance with their shareholding. It is proposed that any new common shares not subscribed by employees and shareholders of the Company will be sold to the person(s) designated by the Chairman of the Company at the issue price.
- (3) Issuance of new common shares for cash in private placement and/or issuance of new common shares for cash to sponsor issuance of GDR in private placement
  - A. The basis and rationale to determine the private placement price:
    - a. The common stock price per share shall be set at no less than 85% of the reference price. The reference price is set as the higher of the following two basis prices:
      - (i) The simple average closing price of the common shares of the Company for either the one, three, or five business days before the price determination date, after adjustment for any distribution of stock dividends, cash dividends or capital reduction.
      - (ii) The simple average closing price of the common shares of the Company for the thirty business days before the price determination date, after adjustment for any distribution of stock dividends, cash dividends, or capital reduction.
    - b. The pricing date, actual reference price, theoretical price, and actual issuance price are proposed to be authorized to the Board of Directors to determine within the range approved by the shareholders meeting, after taking into consideration the market status, objective conditions, and qualification of specific parties. Considering that the Securities and Exchange Act has set the restrictions on transfers of the privately placed securities for three full years, the price determination above shall be reasonable.
  - B. The method to determine specific parties:
    - The strategic investors have the priority to be considered as specific parties for private placement if they may being qualified for the rules in Article 43-6, Securities and Exchange Act and other letters from government authorities and should also have direct or indirect benefit to the Company, and can recognize the Company's operating strategy. The company currently has not arranged the specific parties. It is proposed to authorize the Company's Board of Directors to determine the specific parties for private placement.
  - C. The necessity of private placement:
    - a. The Company plans to invite strategic investors and strengthen competitiveness through private placement. Because of the restrictions on transfers for three full years, it is better to maintain a long-term relationship with strategic partners by such security issuance of private placement. And also considering the effectiveness and feasibility to raise capital, the Company proposes to raise capital through private placement, rather than public

offering.

- b. The amount of the private placement: up to 17 million common shares.
- c. The use of proceeds and projected benefits of private placement: The Company plans to do private placement at one time or several times (no more than 3 times) based on market conditions and specific parties. The capital raised will be used to purchase overseas materials, or repay bank loans, or increase working capital, or invest oversea business, or other needs for its future development. The private placement will strengthen our competitiveness, upgrade operating efficiency, and reinforce financial structure, which can benefit shareholders' equity.
- 3. Use of proceeds, schedule and projected benefit: The Company plans to use the fund raising from capital increase to purchase overseas materials, or repay bank loans, or increase working capital, or invest oversea business, or other needs for its future development. The fund raising plan will strengthen our competitiveness, upgrade operating efficiency, and reinforce financial structure, which can benefit shareholders' equity.
- 4. It is proposed to authorize the Board of Directors to determine, proceed or revise the issuance plan of new common shares to be issued to sponsor the GDR and the new common shares to be issued in public offering, new common shares in private placement and/or new common shares to sponsor issuance of GDR in private placement, including issue price, shares, terms and conditions, amount, record date, plan items, projected progresses and benefits, and any other item related to the issuance plan, based on market conditions. It is also proposed to authorize the Board of Directors to revise the issuance plan based on operation evaluation, environment changes or if receiving instructions from governmental authorities.
- 5. The new common shares to be issued to sponsor issuance of GDR, the new common shares to be issued in public offering, the new common shares in private placement and/or the new common shares to sponsor issuance of GDR in private placement will be issued in scripless form. However the new common shares in private placement and the new common shares to sponsor issuance of GDR are subject to the selling restrictions within three years after the delivery date under Article 43-8 of the Securities and Exchange Act, the new common shares to be issued to sponsor the GDR and the new common shares to be issued in public offering, new common shares in private placement and new common shares to sponsor issuance of GDR in private placement will have the same rights and obligations as the Company's existing issued and outstanding common shares.
- 6. It is proposed to authorize the Chairman or the Chairman's designee, on behalf of the Company, to handle all matters relating to, and sign all agreements and documents in connection with, issuance of new common shares to sponsor issuance of GDR and/or issuance of new common shares in public offering and/or issuance of new common shares in private placement and/or issuance of new common shares to sponsor issuance of GDR in private placement.
- 7. The Board is authorized to handle all matters which are not addressed herein in accordance with the applicable laws and regulations.
- 8. Please discuss.

#### Wiwynn Corporation Business Report

In 2021, the whole world was still under the threat of COVID-19 epidemic. During the Level 3 epidemic alert from May to July in Taiwan, Wiwynn employees were all work from home. We were lucky to have already deployed arrangement in advance. When our company was established, we followed a strategy of "cloud first, zero enterprise computer room" and introduced innovative technology of information systems, including complete cloud-based enterprise application system, block chain supply chain management, autonomous intelligent manufacturing, and hybrid cloud information security defending system. Therefore, Wiwynn maintained normal operation without any negative impact when employees worked from home. Wiwynn was awarded First Prize of Pioneer in the Manufacturing Industry for comprehensive digital transformation at the 1<sup>st</sup> Digital Transformation Awards.

However, it was not the only challenge we faced in 2021. The lack of raw materials, labor shortage, and port congestion caused by the epidemic plus the impact of extreme climate created difficulties in the overall supply chain. Under the state of imbalance between supply and demand, we were unable to fully satisfy the strong demands from our customers. Nevertheless, with the efforts of all of our colleagues, we continued growing in 2021. The scale of our operation hit a record high. It was a difficult but fruitful year.

The consolidated operating revenue at the Company in 2021 was NT\$ (the same below) 192,625,942,000, and it increased 3.05% compared to that in the previous year. The net profit after tax was \$ 8,648,012,000 with an increase of 0.44% compared to that in the previous year. It was a record high. Affected by the impact of inflationary spike and appreciation of New Taiwan Dollar, the gross profit margin, operating margin, and net profit margin decreased 0.1% each from the previous year to 8.1%, 5.9%, and 4.5% respectively. The basic earnings per share (EPS) was \$49.46; it hit a record high.

In terms of sustainable development, Wiwynn also established "Corporate Sustainability Committee" in March 2021 as well as set up relevant organizational regulations. As for environment, Wiwynn responded to the sustainable development goal No. 14 (SDG 14) promoted by the United Nations to conserve and sustainably use marine ecological system. We planted 800 trees on the frontline of coast near Wujie Township, Yilan County to block out the impact to the inner land by strong northeast monsoon, salinity of the sea, and blown sand in order to protect the life quality of the community residents. With regard to corporate governance, to enhance the transparency to stakeholders and meet the blueprint of the corporate governance promoted by the competent authority as early as possible, Wiwynn voluntarily disclosed the self-assessed income information for fiscal year 2021 in January 2022. Moreover, Wiwynn participated in the 7<sup>th</sup> Corporate Governance Assessment held by Taiwan Stock Exchange for the first time and achieved the excellent performance of top 6%-20% of the listed companies. In the 14th Taiwan Corporate Sustainability Awards, Wiwynn received the recognition of Gold Award in the category of electronics and information manufacturing industry. Because of our outstanding performance in ESG, we are included to the constituent stocks of "FTSE4Good TIP Taiwan ESG Index" and "TWSE Corporate Governance 100 Index".

Along with the extreme climate is getting more frequent, leaders of different countries in the world have made a commitment on carbon reduction at United Nations Climate Summit (COP26). The net zero emissions in 2050 is a global consensus, and customers of hyperscale data centers all declare to achieve carbon neutral or the goal of 100% utilization of renewable energy within next few years. Wiwynn also focuses R&D and continues developing power converter and cooling solution with high-efficient energy saving and carbon reduction. Among them, the two-phase

#### Attachment 1

immersion cooling technology also formally entered hyperscale data center in 2021.

Our Company launched Taiwan Intellectual Property Management System (TIPS) in 2021 and passed Level A qualification. During the promotion of TIPS, educational trainings were used for promotion and follow-up of legal consultation to ensure the awareness of protecting intellectual property right is enhanced. It helps the hard skills (quantity of patent) and soft skills (employees' awareness) of intellectual property in Wiwynn grow and develop at the same time.

Looking into the future, there are still uncertainties in global economy. We are still facing the risks in the overall supply chain. However, the new normal after the epidemic continues pushing the demand of digital transformation. Various applications and services related to 5G, edge computing, AI, and big data to metaverse is increasing. The cloud data center industry will continue growing. The focus of operation in Wiwynn is as below:

- 1. Diverse global layout: Wiwynn Malaysia Factory has started by the end of 2021, and it is estimated to be completed in 2023. Besides, we also plan to continue expanding our service stations all over the world in the next two or three years to achieve the scale of 5 to 6 times of current own capacity in order to maintain operating stability and flexibility as well as spread risks.
- 2. Continue deepening digital transformation: Wiwynn plans to introduce the intelligent manufacturing technology to our own factories and make them smart factories as well as continues devoting actively to construct digital capabilities and culture among all our employees. Through the activities of Hackathon and Digital Festival, we encourage employees to widely apply relevant skills. We use Robotic Process Automation (RPA) established creatively by employees to enhance working efficiency.
- 3. Implement corporate sustainable operation: We create green factories, actively use renewable energy, continue promoting Ocean Hugs marine environment and ecology shared good scheme, make good use of resources to protect the environment, and strengthen the communication with stakeholders. Centered on human beings, we provide a safe and healthy working environment to our employees and comply with the blueprint of corporate governance promoted by the competent authority.

We carry the core values of "excellence", "forward-looking", "teamwork", and "agile" carried by Wiwynn to march forward in a steady pace, create the maximal shareholder value, and pursue a future of sustainable development.

#### **Independent Auditors' Report**

To the Board of Directors of Wiwynn Corporation:

#### **Opinion**

We have audited the financial statements of Wiwynn Corporation ("the Company"), which comprise the balance sheets as of December 31, 2021 and 2020, the statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### 1. Revenue recognition

Refer to note 4(n) "Revenue" and note 6(r) to the financial statements for the disclosure of revenue recognition.

#### Description of key audit matter

The Company is a listed Company in related to public interest, and the investors are highly expecting the financial performance, resulting in revenue recognition is one of the key judgmental areas of our audit.

How the matter was addressed in our audit

Our principal audit procedures included testing of the design and implement of controls over sales and collection of receivable transactions; evaluate if there is any significant abnormal changes through performing trend analysis on top 10 customers by comparing the related changes or differences; assessing and testing if the management obtained sufficient external evidence showing that the control of the products have been transferred to the customers to support the timing of revenue recognition; evaluating the adequacy of revenues recognition by testing the sale transactions during the period before and after the balance sheets date.

#### 2. Inventory valuation

Refer to note 4(g) "Inventories", note 5 "Significant accounting assumptions and judgments, and major sources of estimation uncertainty" and note 6(d) to the financial statements for the disclosure of valuation of inventory.

#### Description of key audit matter

Inventories are stated at the lower of cost or net realizable value. With the rapid development of technology, the advance of new electronic products may significantly change consumer demands, which leads to product obsolescence that may result in the cost of inventory to be higher than the net realizable value. Consequently, the valuation of inventories has been identified as one of the key Judgmental areas of our audit.

#### How the matter was addressed in our audit

Our principal audit procedures included analyze the change of inventory aging by assessing and testing the inventory aging report, understanding the sales price which is used to evaluate the inventory valuation by management and the subsequent market price information as well as selecting the original transition documentation in order to test the appropriateness of the net realize values reviewing if the estimation and assumption used for inventory valuation and other disclosure for inventories made by management were appropriateness.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investment in other entities accounted for using equity method to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2021 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chia-Chien Tang and Ming-Hung Huang.

#### **Independent Auditors' Report**

To the Board of Directors of Wiwynn Corporation:

#### **Opinion**

We have audited the consolidated financial statements of Wiwynn Corporation and its subsidiaries ("the Group"), which comprise the consolidated balance sheets as of December 31, 2021 and 2020, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IFRSs"), Interpretations developed by the International Financial Reporting Interpretations Committee ("IFRIC") or the former Standing Interpretations Committee ("SIC") endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### 1. Revenue recognition

Refer to note 4(n) "Revenue" and note 6(r) to the consolidated financial statements for the disclosure of revenue recognition.

#### Description of key audit matter

The Group is a listed Company in related to public interest, and the investors are highly expecting the financial performance, resulting in revenue recognition is one of the key judgmental areas of our audit.

How the matter was addressed in our audit

Our principal audit procedures included testing of the design and implement of controls over sales and collection of receivable transactions; evaluate if there is any significant abnormal changes through performing trend analysis on top 10 customers by comparing the related changes or differences; assessing and testing if the management obtained sufficient external evidence showing that the control of the products have been transferred to the customers to support the timing of revenue recognition; evaluating the adequacy of revenues recognition by testing the sale transactions during the period before and after the balance sheets date.

#### 2. Inventory valuation

Refer to note 4(h) "Inventories", note 5 "Significant accounting assumptions and judgments, and major sources of estimation uncertainty" and note 6(d) to the consolidated financial statements for the disclosure of valuation of inventory.

#### Description of key audit matter

Inventories are stated at the lower of cost or net realizable value. With the rapid development of technology, the advance of new electronic products may significantly change consumer demands, which leads to product obsolescence that may result in the cost of inventory to be higher than the net realizable value. Consequently, the valuation of inventories has been identified as one of the key Judgmental areas of our audit.

How the matter was addressed in our audit

Our principal audit procedures included analyze the change of inventory aging by assessing and testing the inventory aging report, understanding the sales price which is used to evaluate the inventory valuation by management and the subsequent market price information as well as selecting the original transition documentation in order to test the appropriateness of the net realize values reviewing if the estimation and assumption used for inventory valuation and other disclosure for inventories made by management were appropriateness.

#### Other Matter

Wiwynn Corporation has prepared its parent-company-only financial statements as of and for the years ended December 31, 2021 and 2020, on which we have issued an unmodified opinion.

#### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, IFRC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chia-Chien Tang and Ming-Hung Huang.

#### Wiwynn Corporation Codes of Ethical Conduct

Article 1 Purpose

This Code of Ethical Conduct is hereby established to enforce Wiwynn Corporation (hereinafter "Company")'s core values, maintain its high level of business ethics and require Relevant Personnel to strictly abide by Company's standard code of ethical conduct in order to uphold Company's reputation and to gain the respect and trust of customers, suppliers and professionals of all fields.

Article 2 Applicability and Definition

This Code of Ethical Conduct shall apply to all directors (including the independent directors; hereinafter "Directors"), managers and employees (hereinafter "Relevant Personnel").

Article 3 Important Code of Ethical Conduct

- 1. Integrity is Company's core value and the root of operating an enterprise. To operate an enterprise in integrity, Company shall provide an environment and atmosphere that will allow Relevant Personnel to execute their duties in accordance with ethical standard. Company requires all Relevant Personnel to fully understand and abide by this Code of Ethical Conduct and self-integrity. The following is the relevant and important code of ethical conduct:
  - (1) Unless authorized or required by law, Relevant Personnel must strictly keep confidential the information related to Company or its clients whom Company purchases goods from or whom Company sells products to. The confidential information shall include all information that could be possibly used by competitors or cause damages to Company or its clients after disclosure.
  - (2) When Relevant Personnel use information related to Company or its clients whom Company purchases goods from or whom Company sells products to, they must not contravene any applicable laws or Company's Policies and Procedures on the Protection of Confidential Information.
  - (3) Relevant Personnel must treat clients whom Company purchases goods from or whom Company sells products to, the competing companies and employees on a fair and equal basis, and must not use the information obtained through job convenience to manipulate, conceal or misuse such information to make false statement on important matters, or use such information to obtain unjust benefits through other unjust transactions.
  - (4) Relevant Personnel must be loyal to their job. Their execution of duties, including disposition of money, purchase, safekeeping assets, evaluation of performances and making and ratification of reports, shall be accomplished with integrity, diligence and dedication.
  - (5) Relevant Personnel have the duty to protect Company's assets and resources, and ensure that such assets and resources can be lawfully and effectively used in business operations. It is strictly prohibited to use Company's assets or resources to gain personal interest. Relevant Personnel shall also recuse from negatively affecting Company's interest through personal or department's interest or through stealing, neglecting, and wasting Company's assets and resources.
  - (6) Relevant Personnel must recuse from any conflict that will result in the conflict of personal and Company's interest.
  - (7) Relevant Personnel must not participate or instigate others to proceed in activities or relationships that might cause harm to loyalty or professional judgment.
  - (8) Relevant Personnel must not request, accept or give any gifts, donations, political donations or treats (bribery) that might cause harm to loyalty or professional judgment.
  - (9) Relevant Personnel must not commit any acts that will damage the reputation of Company.
  - (10) Relevant Personnel must abide by national laws, rules and regulations. Relevant Personnel must not be involved in any illegal or inappropriate activities under any circumstances.
  - (11) Relevant Personnel must not seek an opportunity to pursue personal gain by using Company's property or information, or by taking advantage of their positions. Relevant Personnel must not obtain personal gain by using Company property or information, or by taking advantage of their positions. Relevant Personnel must not compete with Company. When Company has an opportunity for profit, Directors, supervisors and managers have responsibility to maximize the reasonable and proper benefits that can be obtained by Company.
- 2. The Codes of Ethical Conduct will not be limited to acts, rules and regulations. The spirit in the execution of this is in the high level of self-restrain, and that one will abide by the Codes without violating general conventions. When Relevant Personnel cannot determine whether an action or a circumstance fits with Company's Codes of Ethical Conduct, one should check its adequacy based on the following principles:
  - (1) Whether the disclosure of such relationship or action will cause negative effects to Company's reputation.
  - (2) Whether the process of such relationship or action will be generally interpreted as having effects on the just execution of job duties or professional judgment

#### Article 4 Recusal Policy on the Conflict of Interest

1. Relevant Personnel shall recuse from any conflict that will cause conflict between the personal and Company's interest. Therefore, Relevant Personnel shall actively and fully report to their supervisor and the head of Human Resource department (applicable for Relevant Personnel who are not director), or the Board of Directors (applicable for Directors) upon knowing or facing, including, but not limited to the following circumstances and explain how the personal interest can be conflicting with Company's interest:

#### Attachment 4

- (1) When the positions held by the Relevant Personnel might let them, their spouse or third-degree relatives gain unjust benefits, or obstruct their objective and effective handling of business operations.
- (2) When the activities participated by the Relevant Personnel outside the Company cause direct competition against Company's business, or obstruct with the Relevant Personnel's positions and duties in the Company.
- (3) Using Company's resources (such as information, objects or properties, etc.) to participate in activities outside the Company without Company's permission.

(4) Has third-degree relatives working in the Company

2. When Company receives reports from Relevant Personnel on how their actions do not fit the Recusal Policy on the Conflict of Interest, the chairman (applicable for Directors) or the head of Human Resource department (applicable for Relevant Personnel who are not director), together with the head of Relevant Personnel's department shall discuss the handling principles and procedures, and pass the case to the general manager (applicable for Relevant Personnel who are not director) for authorization, or pass the case to the Board of Directors (applicable for Directors) to handle.

#### Article 5 Giving Presents and Treats as Part of Business Routine

- 1. To maintain the highest standard for ethical conduct, any form of bribery is strictly prohibited from suppliers, contractors, clients and other relevant parties and groups (including governmental agencies) involved in the Company's business operations. In normal business relations, receiving reasonable presents and treats shall comply with Sections 2 and 3 of this Articles 5.
- 2. When it is necessary to receive presents or any types of gifts, one shall proceed in accordance to the following in addition to abiding by Section 1 of Article 5:

(1) One must not accept cash, check or any valuable papers (such as gift coupons or stocks, etc.).

- (2) When one has to accept the presents or treats as a courtesy, the value of such must not exceed the equivalent amount of NTD1,000. If the presents include trademark, then the value of such must not exceed the equivalent amount of NTD\$6,000.
- (3) If one has to accept a present because the refusal might cause adverse effect and such present's value is higher than the limits set forth in Section 2(2) of this Article 5 above, such present shall be handed to the Executive Secretary of the Employees' Welfare Committee within seven days of acceptance.
- (4) One must not subscribe any shares of stock or any other similar preferential packages outside the open market from any units or companies that are involved in Company's business operations.

(5) One must not receive presents or any types of gifts more than three times a year from the same supplier and client.

3. To maintain and promote the normal business relationship and operation of Company, one may be permitted to give presents to relevant individuals involved in Company's business operations. However, such acts must comply with Section 1 of this Article 5 and the following rules:

(1) Declare the purpose of giving presents and the presents shall contain Company's name.

- (2) One shall select the most appropriate presents for subjects from the presents provided by Company.
- 4. Acceptance and arrangement of any treats related to business operations shall comply with the rules of general business courtesy and shall not be too frequent, and shall not let customers or suppliers misunderstand that giving presents or treats is a condition for establishing or maintaining the business relationship with Company.
- 5. The relationship and interaction between superiors and employees shall also comply with this Article 5.
- 6. If any inappropriate behavior is identified or a report is received that colleagues or departments do not comply with the above-mentioned provisions and have accepted presents in private, Company shall deal with this report in accordance with relevant rules.

#### Article 6 The Procedure for Provision of Lawful Political Donations

When Relevant Personnel makes direct or indirect donations to a political party or an organization or individual participating in political activities, they shall abide by the following basic principles:

1. They shall comply with the Political Donations Act and relevant laws and regulations, and shall not use it to seek any commercial benefits or transaction advantages.

2. They shall not directly or indirectly provide political donations in the name of Company.

- 3. They shall not use any of Company's properties or facilities, or participate in political activities during working hours.
- 4. When making political donations in Company's name, it must be done only after the approval of the chairman notwithstanding the amount of such donation.

#### Article 7 The Procedure and Amount Standards for Handling the Provision of Fair and Charitable Donations or Sponsorship

When Relevant Personnel make charitable donations or sponsorship, they shall abide by the following basic principles:

- 1. It shall be done pursuant to relevant laws and regulations and Company's rules, and shall not turn into an act of bribery through other manners.
- 2. If one makes a lawful charitable donation or sponsorship in Company's name, it must be done only after the approval of the chairman notwithstanding the amount of such donation or sponsorship. In the event that the laws and regulations have more restrictive standards, such standards shall prevail.

#### Article 8 The Execution of Code of Ethical Conduct

1. To achieve ethical corporate management, Human Resource department is delegated to establish and supervise the implementation of the ethical corporate management policies and related

#### Attachment 4

- measures, and it shall report to the Board of Directors on a regular basis. Relevant units shall provide training and publicize this Code of Ethical Conduct to ensure all Relevant Personnel understand, accept and will strictly abide by this Code of Ethical Conduct.
- 2. Relevant Personnel shall continue to publicize this Code of Ethical Conduct to business related units or other companies that have business relations with Company to ensure they understand and support Company's determination and polices of the ethical corporate management.

#### Article 9 Disciplinary measures on Relevant Personnel in violation of this Code of Ethical Conduct

- 1. Company encourages insiders and outsiders to report any activities which violate this Code of Ethical Conduct; however, insiders shall not make any false report or malicious accusation. Anyone who make false report or malicious accusation shall be subject to a disciplinary action, and removed from office if the circumstance concerned is material.
- 2. Accuser shall at least furnish the following information:
  - (1) Accuser's name and identity number and contact information.
  - (2) Accused's name or other information sufficient to identify the accused.
  - (3) Specific facts and evidences available for investigation.
- 3. Company personnel handling accusation shall represent in writing that they will keep accuser's identity and accusation confidential. Company shall protect accuser from improper treatment due to the making of accusation. The unit in charge of accusation shall handle the accusation in accordance with the following procedure:
  - (1) Accusation involving a general employee shall be reported to the head of Human Resource department. Accusation involving a director or senior manager shall be reported to the head of Auditing Office or the independent directors.
  - (2) The unit in charge of accusation and the head or personnel being reported to in Section 3(2) of this Article 9 shall immediately verify the facts, and be provided with the assistance from other related department if necessary.
  - (3) If the accused is confirmed to have violated this Code of Ethical Conduct, Company shall immediately demand the accused to cease the conduct and make an appropriate disposition. When necessary, Company will institute legal proceedings and seek damages to safeguard its reputation and its rights and interests.
  - (4) The transaction counterparties violating this Code of Ethical Conduct will be strictly treated by Company by reducing or canceling the collaboration with Company or reported to the corresponding judicial authorities depending on the severity.
  - (5) Documentation of accusation acceptance, investigation processes and investigation results shall be retained for five years and may be retained electronically. In the event a lawsuit relating to the accusation is filed before the retention period expires, the relevant information shall continue to be retained until the conclusion of the litigation.
  - (6) With respect to a confirmed accusation, Company shall charge relevant units with the task of reviewing the internal control system and relevant procedures and proposing corrective measures to prevent recurrence.
  - (7) The unit in charge of accusation shall submit to the Board of Directors a report of the accusation, actions taken and subsequent reviews and corrective measures.

#### Article 10 Directors who violate this Code of Ethical Conduct will be referred to the Board of Directors for investigation

If managers or employees violate this Code of Ethical Conduct, Company will take disciplinary measures including dismissal or termination of appointment in accordance with the relevant provisions under the Employees' Reward and Punishment Operation Essentials.

Company will seriously deal with transaction counterparties that violate the principles of good faith and integrity, and will reduce or cancel its collaboration with Company or even hand it over to the corresponding judicial authorities depending on the severity.

#### Article 11 Enforcement and Amendment
